

**PICK-UP INFO: Venice – Tronchetto (bus station / people mover station)**

This document explains the pick-up & meet process for transfers starting from Tronchetto part of Venice, Italy – from bus station / people mover station.

Instructions:

Upon arrival and disembarking from water-taxi / people mover please check the map on the second page:

The place where you are now is a bus station »Tronchetto«.

Marked on the map (red circle) is our meeting point. In majority of the cases, the driver will be waiting outside of Venice island (because of driving regulations on the island).

When you are on marked position, or really close to it, ready to be picked-up please ring / send SMS / call the phone number: +386 41 977 527.

(also available on Whatsapp, to avoid additional costs).

Driver will be there within 5-10 minutes from the contact. If you don't do that, the driver won't know you are there & ready to go.

The vehicle will be having the **SKV** sign or lead passenger name & surname visible on the front window.

Vehicle: **white Ford van** with licence plate **KP AF-915**. If you spot the vehicle please wave ☺

Since the whole area is traffic limited, we really appreciate if you contact the provided number – when you are ready, on the marked area.

Also if possible try to move yourself to the edge of the bus station, so that you can see the road (name: Isola Nova del Tronchetto) and vehicles arriving in the area.

If you for any reason have a delay (for any reason), please inform the driver aswell (if possible).

Wish you a pleasant ride with us !

CEO of S.K.V.
